AIM Token Issue and Vesting Schedule

1. New Members Token: Total 21,600 million AIM

- **For New Paid Members:**
Every new paid member, up to 100,000 members, is eligible to receive **14,000 AIM tokens**.
Additionally, the introducer of the new paid member will receive **14,000 AIM tokens**, and the introducer's introducer will also receive **14,000 AIM tokens**.
- **For the Next 100,000 New Members:**
The new members and their introducers will be eligible to receive **80% of 14,000 AIM**, which equals **11,200 AIM tokens**.
For the subsequent 100,000 new members and their introducers, they will be eligible for **80% of 11,200 AIM**, which is **8,960 AIM tokens**, and so on. This cycle continues for up to **1,500 million new members**.

The vesting structure is as follows:

- **1st 100,000 members: 14,000 AIM tokens**
- **Next 100,000 members: 11,200 AIM tokens**
- **Next 100,000 members: 8,960 AIM tokens**
- **Next 100,000 members: 7168 AIM tokens**

The calculation uses **80%** with rounding to one decimal places, upwards.

2. Commons Budget: Total 7,200 million AIM

- **Token Issuance to Commons Budget:**
The same number of new member tokens will be issued and accumulated in the "Commons Budget" account as per the following schedule:
 - **1st 100,000 members: 14,000 AIM tokens**
 - **Next 100,000 members: 11,200 AIM tokens**
 - **Next 100,000 members: 8,960 AIM tokens**
 - **Next 100,000 members: 7,168 AIM tokens**

This process will continue until **1500 million new members** are reached. The **80%** reduction applies, with rounding to one decimal places, upwards.

- **Distribution of Commons Budget:**

The Commons Budget will be distributed every month on the **1st day, Midday GMT**.

Any member wishing to receive a distribution must submit an application form along with a detailed plan, including the requested amount, spending plan, and an explanation of how their proposal will positively impact the AIM community.
